LOT 28 - Ingersoll Rand UP6-15CTAS-150 15HP Base Mount Compressor

Description

Ingersoll Rand UP6-15CTAS-150 15HP Base Mount 150psi Rotary Screw Compressor. The Ingersoll Rand UP6-15C TAS is a complete compressed air package. The Total Air System includes a rotary screw compressor, cycling air dryer, and filtration to remove dust and oil. The Ingersoll Rand Total Air System compressor reduces space, costs less to install, and delivers high quality compressed air. Since this is a baseplate mounted

compressor it can be tied into a separate air receiver tank at your facility. Measures approximately 45" x 28" x 62". This item has very few hours and since it will need some maintenance. Please see the attached information from the manufacturer to see what it will take to have this machine conditioned.
